The contractor shall accomplish engineering taskings that exceed the normal core capabilities of the Training Systems Support Center. This includes both contractor proposed and government directed efforts. The contractor shall accomplish depot level repair for trainer unique components greater than \$5,000 including, but not limited to, in-house depot repair, repair-related engineering tasks, and software maintenance. The contractor shall begin performance of this line item only at the direction of the PCO. Proposals for hours and materials will be submitted to the PCO for negotiation prior to commencement of work. The fixed hourly rates in accordance with the Labor Rate Matrix in Attachment 3 will be used to negotiate hours/efforts under this CLIN. The fixed hourly rates include all direct and indirect costs and profit. Efforts, taskings, and Engineering Change Proposals will be identified by Sub-CLIN.

Contract Type: S – Cost Reimbursent No Fee
PR NR: TBD
PR LI: TBD
ACRN: TBD

Descriptive Data:

Initial investment spares and spare parts in support of the C-5 MTD. The contractor shall obtain approval from the PCO before purchasing items under this CLIN. Purchase of initial investment spares and spare parts will be reimbursed at actual cost plus G&A.

Other Contract Clauses in Full Text:

B028 CONTRACT TYPE: FIRM-FIXED PRICE (FEB 1997)

Total Price: **TO BE COMPLETED UPON AWARD.**

Applicable to the following Line Items: **1X01 through 1X13, and 1014.**

**Part I – The Schedule
Section E
Inspection and Acceptance**

**5352.246-9000 MATERIAL INSPECTION AND RECEIVING REPORT (OMB NO. 0704—0248)
(AFMC) (JUL 1997)**

(a)(1) Forward the purchasing office copy to:

**OO-ALC/YWA
ATTN: Ernie Swiger
6051 Gum Lane, Bldg. 1225
Hill AFB UT 84056-5825**

(a)(3) Additional Distribution of the DD Forms 250 is to be made to the following address(es):

**DCMA Dayton
Area C Bldg 30
1725 Van Patton Drive
Wright-Patterson AFB OH 45433-5302**

**Part I – The Schedule
Section F
Deliveries or Performance**

F001 OPTION CLIN PERFORMANCE PERIOD(S) (FEB 1998)

The respective performance period(s) for option(s) identified in Section B is as follows:

| CLIN Number | Period of Performance |
|-------------|-----------------------|
| 1X03 | 270 Days |
| 1X04 | 270 Days |
| 1X05 | To Be Proposed (TBP) |
| 1X06 | TBP |
| 1X07 | TBP |
| 1X08 | TBP |
| 1X09 | TBP |
| 1X10 | TBP |

**Part I – The Schedule
Section G
Contract Administration Data**

G001 ACCOUNTING AND APPROPRIATION DATA (FEB 1997)

| ACRN | Accounting and Appropriation Chargeable Funds Citation | Amount Chargeable |
|------|--|-------------------|
| | To be cited upon award. | \$ |

**Part I – The Schedule
Section I
Contract Clauses**

52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)

The Contracting Officer may exercise the option by written notice to the Contractor within **30 days of contract expiration**.

52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within **30 days of contract expiration**...

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed **48 months**.

52.222-42 STATEMENT OF EQUIVALENT RATES FOR FEDERAL HIRES (MAY 1989)

In compliance with the Service Contract Act of 1965, as amended, and the regulations of the Secretary of Labor (29 CFR Part 4), this clause identifies the classes of service employees expected to be employed under the contract and states the wages and fringe benefits payable to each if they were employed by the contracting agency subject to the provisions of 5 U.S.C. 5341 or 5332.

**THIS STATEMENT IS FOR INFORMATION ONLY:
IT IS NOT A WAGE DETERMINATION**

| Employee Class | Monetary Wage | Fringe Benefits |
|----------------------------------|---------------|-----------------|
| Electronic Technician, Maint I | 11.68 | 2.56 |
| Electronic Technician, Maint II | 18.34 | 2.56 |
| Electronic Technician, Maint III | 19.87 | 2.56 |
| Engineering Technician I | 9.82 | 2.56 |
| Engineering Technician II | 11.92 | 2.56 |
| Engineering Technician III | 14.47 | 2.56 |
| Engineering Technician IV | 18.42 | 2.56 |
| Engineering Technician V | 20.27 | 2.56 |

**5352.215-9005 INCORPORATION OF CONTRACTOR'S TECHNICAL PROPOSAL (AFMC)
(AUG 1998)**

(a) The following documents are incorporated herein by reference and made a part of this contract:

TO BE COMPLETED UPON AWARD.

5352.245-9004 BASE SUPPORT (AFMC) (JUL 1997)

(e) Following are installations where base support will be provided: **Travis AFB, CA & Dover AFB, DE.**

(f) The Government support to be furnished under this contract is **in accordance with the Base Support Agreement, Section J, Attachment 5.**

**Part I – The Schedule
Section J

Attachment 2

STATEMENT OF OBJECTIVES FOR C-5 MAINTENANCE TRAINING DEVICES 5 DEC 01

Program Goal: Provide maintenance and depot logistics support for the C-5 Maintenance Training Devices (MTD) at Dover AFB, DE and Travis AFB, CA.

Objectives: This sustainment effort will include:

1. Operation of a Training System Support Center (TSSC) to perform all maintenance actions.
2. Provide for contractor logistics support, and contractor support relative to the maintenance of all C-5 MTD.
 - a. Operation of a depot logistics function to provide tracking, repair, and stocking of spare parts for all C-5 MTD.
 - b. Maintain, stock, store and distribute all C-5 MTD technical documents, engineering drawings and software.
3. Perform upgrades and repair options as tasked.

Attachment 3

LABOR RATE MATRIX

| Job Title | Basic Year | Option Year 1 | Option Year 2 | Option Year 3 |
|---------------------|------------|---------------|---------------|---------------|
| Software Engineer | | | | |

| System Engineer | | | | |
| Engineering Support | | | | |
| Software Programmer | | | | |
| Program Manager | | | | |
| Clerical | | | | |
| Quality Assurance | | | | |

Attachment 4

Reports/Contracts Data Requirements List (CDRL) 6 Mar 02

Data requirements for the C-5 Maintenance Training Devices (MTD) Contractor Logistics Support (CLS) will be proposed in the contractor's Statement of Work (SOW). The following CDRL list suggests some reports that may be used to satisfy data requirements in the System Requirements Document (SRD). Contractor or other government reports that fulfill the data requirements may also be proposed.

Data requirements may be proposed in the contractor's format, and should be deliverable electronically.

Section 1. Recommended CDRLs with DD Form 1423. Reports with a certainty of requirement. Though these types of reports will be required over the course of the contract, alternative DIDs may be offered which fulfill the same requirement.

| Recommended CDRLs with DD Form 1423 | DID | SRD Paragraphs | Freq. |
|--|------------------|--|-------|
| Conference Minutes | DI-ADMN-81250A/T | 3.1.4.10, 3.3.4.3 | AR |
| Physical Inventories Report | DI-MGMT-80259/T | 3.1.5.2, 3.2.1.1, 3.2.5, 3.5.2, 3.5.3, 3.5.6 | A, AR |
| Contract Change Proposal | DI-ADMN-81401A/T | 3.2.3.4, 3.2.5, 3.2.6.1, 3.3, 3.3.3 | AR |
| Data Accession List | DI-MGMT-81453 | 3.2.4, 3.2.6, 3.3.4.7 | AR |
| Engineering Change Proposal | DI-CMAN-80639C/T | 3.3.4, 3.3.4.5 | AR |
| Contractor's Progress, Status and Management Report | DI-MISC-81392/T | 3.3.5.1 | M |

Frequency: A- Annual, M-Monthly, AR-As Required.

Section 2. Recommended CDRLs without DD Form 1423. . Reports without a certainty of requirement. Though these types of reports may be required over the course of the contract, alternative DIDs may be offered which fulfill the same requirement.

| Recommended CDRLs | DID | SRD Paragraphs | Freq. |
|--|----------------|---|-------|
| Integrated Master Schedule | DI-MISC-81183A | 3.1 | AR |
| Software Development Plan | DI-IPSC-81000A | 3.1, 3.1.1, 3.1.4.3, 3.1.4.4, 3.1.4.7 | AR |
| Software Requirements Spec | DI-IPSC-81433A | 3.1.4.3 | AR |
| Interface Requirements Spec | DI-IPSC-81434A | 3.1.4.3 | AR |
| Software Design Document | DI-IPSC-81435A | 3.1.4.4 | AR |
| Software Test Plan | DI-IPSC-81438A | 3.1.4.4 | AR |

16. REMARKS

Block A: 1X11 and 1X12.

Block 4: Contractor format is acceptable. Engineering changes which effect the SOW and/or CDRL, including new data requirements, shall be identified in the ECP, with proposed CDRLs and SOW change pages.

The proposal shall include a not-to-exceed price if a firm fixed price cannot be made available.

The cost proposal shall include as a minimum all applicable costs and the basis for each. The contractor shall use the labor rates contained in the Labor Rate Matrix in Attachment 3 in the model order in its proposals. The number of labor hours, material costs, travel costs (IAW JTR Vol. II), and all other elements will be negotiated.

Block 5: CLS SRD paragraphs 3.3.4, 3.3.4.5, 3.3.4.6.

Blocks 10, 12 and 13: Receipt of a PCO letter requesting change is required prior to submittal of routine ECPs. Submit within 60 days from receipt of PCO letter.

Block 14: Copies identified for OO-ALC/YWK shall include the original signature copy.

Note: Electronic media delivery is acceptable and shall be provided via diskette or on-line access. When electronic submittal is not possible, hard copies of the data shall be submitted.

BASE SUPPORT AGREEMENT FOR CONTRACTED MAINTENANCE TRAINING DEVICES SUPPORT

C-5 MAINTENANCE TRAINING DEVICES

29 NOV 2001

Prepared By:

Headquarters, Ogden Air Logistics Center (AFMC)

Training Systems Management Directorate

Hill Air Force Base, Utah 84056-5826

MAINTENANCE TRAINING DEVICE BASE SUPPORT

A. This agreement provides general guidelines for base support to the following contracted Maintenance Training Devices (MTD):

C-5 MAINTENANCE TRAINING DEVICES

B. The host base will provide materials, services, equipment and facilities as outlined in this document to support operations and maintenance of the above listed program. The host base will maintain accountability for the same. Materials, services, equipment and facilities as provided by the host base and the Contractor are defined by category. Period of performance is as specified under this contract.

C. The intent of this document is to define broad-base support responsibilities for the contracted MTD support. Therefore, the guidance provided herein does not exclude, by omission, base support requested by the Contractor that is not specifically included here, nor does it require that the host base provide operational and maintenance support that is beyond their capability or interferes with the primary mission. When necessary, the host base may, in coordination with the Contractor, establish local procedures to implement this provision.

1) Base Orientation - The host base will provide, upon request from the Contractor, base orientation packets for newly assigned personnel.

2) Administrative Services - The host base will:

a) Provide access to regulations, publications, and technical orders required in the performance of the contract.

b) Provide access to the Base Information Transfer system (BITS) for receipt and delivery of official correspondence.

3) Services [Morale, Welfare, and Recreation] - The host base will provide contractor personnel with access to MWR services and facilities in accordance with existing regulations and policies.

4) Fire Protection - The host base will:

a) Through the Base Fire Chief, inform contractor personnel of the policies and procedures necessary to assure adequate fire protection consistent with the Air Force Fire Protection Program.

b) Provide and operate structural fire fighting, heavy-duty equipment and vehicles as required.

c) Accomplish appropriate fire hazard inspections and fire prevention measures.

- d) Maintain the existing fire extinguishers at all base facilities occupied by the Contractor in accordance with local procedures.
- e) Furnish support, as required, for training of contractor personnel in fire prevention, fire alarm activation/reporting and use of portable fire extinguishers.
- f) Provide written guidance to the Contractor for all of the above.

5) Maintenance of Facilities and Operation of Utilities

a) Structures - The host base will:

- 1. Identify the facility manager to the Contractor in shared occupancy facilities.
- 2. Maintain the buildings and provide, operate, and maintain utilities including lights and light bulb replacement for all fixtures 10 feet or higher above the floor, excluding lights associated with maintenance training devices (MTDs). The facility manager will provide replacement bulbs for all facility lights.
- 3. Plan through the facility manager and accomplish requests for special utility hookups, minor structural changes on a work order (AF Form 332) as prescribed in AFI 32-1031.
- 4. Maintain and inspect fire protection equipment associated with the MTD facilities.
- 5. Environmental Control System (ECS) - The host base will maintain facility heating, air conditioning, and ventilation systems. The training facility ECS will be designated as a critical system by the host base.
- 6. Real Property Installed Equipment (RPIE) - The host base will provide and maintain all RPIE in areas available to or used by contractor personnel. Any deficient RPIE will be corrected within a reasonable amount of time after notification of deficiency.

b) Grounds - The host base will:

- 1. Maintain grounds around contractor occupied facilities to include snow removal, if applicable.
- 2. Provide and maintain access roads and approved parking areas.

6) Janitorial and Trash Removal Service – The host base will provide janitorial and trash removal services for educational facilities and/or administration areas to meet the established MAJCOM standards. The MTD Contractor shall be responsible for custodial duties for certain other areas designated as “non-educational” such as bay area floors where the training devices and equipment are located, computer, hydraulic, and utility rooms that contain equipment maintained by the Contractor.

7) Communications - The host base will:

- a) Provide common-use telephone service for Government and contractor personnel from the base administrative system. Furnish on-base telephone service/instruments as available at each site. The host base will provide existing lines and phones as they currently exist at time of contract award.
- b) Permit the installation of commercial telephone lines sufficient to support voice and data transmissions in the area controlled by contractor operations with coordination through the base communications squadron.
- c) Advise the Contractor of procedures that they must follow to obtain the desired commercial communication services.
- d) Provide access and support to government networking systems, e-mail and web sites when determined to be in the best interest of the government and/or required by contract, in accordance with existing regulations and policies.
- e) The host base will establish a NIPRNET (formerly Milnet) account for the contractor to access required publications and technical orders.

8) Operations/Scheduling - The host base will provide, within its capability and on a non-interference basis, classroom space and conference rooms when required by the Contractor in the performance of this contract.

9) Supply Support - The host base will provide, within their capability, item research assistance to the Contractor. The Contractor will request and schedule these services in accordance with the host base's procedures. The host base will, within its capability, accept and dispose of residual contractor assets to include hazardous material that may result from maintenance, modification, condemnation actions, and scrap material. The Contractor will be provided with certification of acceptance in accordance with established policies and procedures.

10) Training Equipment Maintenance Support

- a) Aircraft Systems Equipment Support - The host base will, within their capability, provide minor repair and adjustment of aircraft systems equipment/components. The Government shall assume no liability for any damage to MTD equipment resulting from performance of the requested services. The Contractor will request and schedule these services in accordance with the host base's work order procedures.
- b) Field Maintenance Shop Support - The host base will, within its capability, provide the Contractor with services, facilities, and equipment to effect minor repairs and modifications to the MTD. Such services are limited to the host base's capability and include (but are not limited to) cutting, bending, filing, drilling, riveting, welding, plating, painting, and associated repair actions. The Contractor will request and schedule these services in accordance with the host base's work order procedures. The

Government shall assume no liability for any damage to MTD equipment resulting from performance of the requested services.

c) Ground Support Equipment (GSE) Support - The host base will, within its capability, provide the Contractor with equipment/operators when required to support MTD operations and maintenance. This support includes, but is not limited to, mobile air conditioners, aircraft jacks, etc. The Government shall assume no liability for any damage to MTD equipment resulting from performance of the requested service. The Contractor will request and schedule these services in accordance with the host base's work order procedures.

11) Transportation – The host base will, within their capability, provide transportation assistance to the Site Manager, for the movement of MTD materials. This assistance could include the use of opportune organic airlift capability, if available. The Government shall assume no liability for any damage to MTD equipment resulting from performance of the requested services. Contractors operating government vehicles must have a valid state driver's license and meet standards for government vehicle operation. Contractor agrees to be liable for, to indemnify, and to hold harmless the Government from, and if requested in writing by the Government, to defend the Government, its agents, employees, successors and assigns from any and all damages (including but not limited to: damage to or loss of contract equipment or other property, real or personal wrongful death, or personal injury matters), claims, suites actions, judgments, expenses (including fees, costs and interest) arising from or related in any way to any use of government provision to the contractor of on-base transportation or transportation assistance.

12) First Aid and Medical Services - The host base will:

- a) Provide the Contractor with informational briefings/literature regarding local base procedures on first aid and emergency medical treatment.
- b) Provide emergency medical first aid/treatment on a cost reimbursable basis.

13) Safety - The host base will:

- a) Grant the Contractor access to applicable safety regulations, including occupational safety and health standards and Air Force Safety directives.
- b) In coordination with the host base's Safety Office, conduct mishap investigations of joint concern. Notify area OSHA office when contractor personnel have received fatal injuries while on the Air Force installation.
- c) The host base will conduct an annual facility inspection of Air Force owned property.
- d) The host base will provide traffic safety information to contractor personnel (and training on an as-required basis) to familiarize personnel

with DoD traffic safety requirements, i.e., seat belt use while operating on the installation, motorcycle operator requirements, etc.

14) Security and Law Enforcement

a) Physical Security - The host base will:

1. Provide security education to contractor personnel in accordance with AFI131-101 V1 and local directives.
2. Provide normal security for contractor occupied facilities in accordance with local directives/procedures.
3. Provide supplemental security for contractor occupied facilities when permanent access panels are removed.

b) Law Enforcement - The host base will:

1. Provide the Contractor with vehicle registration services and personal identification documents.
2. Provide the Contractor with briefings/literature regarding procedures for reporting accidents that occur on the Government installation.

15) Weather Forecasting - The host base will advise the Contractor of all weather warnings and meteorological watch advisories for the occurrence/ending of lightning in accordance with local base weather support plan and/or regulations.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: Life, accident, and health insurance plans, sick leave, pension plans, civic and personal leave, severance pay, and savings and thrift plans. Minimum employer contributions costing an average of \$2.56 per hour computed on the basis of all hours worked by service employees employed on the contract.

VACATION: 1 week paid vacation after 6 months of service with a contractor or successor; 2 weeks after 1 year, 3 weeks after 5 years, and 4 weeks after 10 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Good Friday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)

2) APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL: An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.

3) WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges. A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated

by the agency for ordnance, explosives, and incendiary material differential pay.

OCCUPATION NOTES:

Laundry, Drycleaning, Pressing and Related Occupations: The rates for the occupations in this category applies to Napa and Solano counties only. See Wage Determination 1981-1168 for the wage rates and fringe benefits for Sonoma county.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** NOTES APPLYING TO THIS WAGE DETERMINATION ****

Source of Occupational Title and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Third Supplement, dated March 1997, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of

contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed. The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees. Information required by the Regulations must be submitted on SF 1444 or bond paper. When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: Life, accident, and health insurance plans, sick leave, pension plans, civic and personal leave, severance pay, and savings and thrift plans. Minimum employer contributions costing an average of \$2.56 per hour computed on the basis of all hours worked by service employees employed on the contract.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, 4 weeks after 10 years, and 5 weeks after 20 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Good Friday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)

2) APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL: An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.

3) WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employee (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges. A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated

by the agency for ordnance, explosives, and incendiary material differential pay.

OCCUPATION NOTES:

Window Cleaner: The rate for the Window Cleaner occupation does not apply to Salem County, New Jersey.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:
The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** NOTES APPLYING TO THIS WAGE DETERMINATION ****

Source of Occupational Title and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Third Supplement, dated March 1997, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE
{Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the

commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed. The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees. Information required by the Regulations must be submitted on SF 1444 or bond paper. When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.
